Pennsylvania Copy Certification

This certificate may be used by Notaries to certify true copies of original documents.

The Notary must carefully compare the copy that is being certified to the original, and whenever possible, personally make the copy. The original should not be a public record nor a publicly recordable document, such as a birth certificate or deed. It is a good policy for the Notary to keep

an additional copy of the original document as an official notarial record.

The optional section at the bottom can deter alteration of the document or fraudulent reattachment of this form to an unintended document. The insertions in this section are not required by law. Failure to fill out this section will not affect the validity of the certificate.
